

## TSA Parent Permission Form 2011 – 2012

TSA is an extra-curricular activity that reinforces classroom activities. Meetings will be before school this year because of the number of students involved in after school activities. TSA is a commitment of time and energy that requires a great deal of work but with much reward in the end. The State Competition in February is the goal we all are working toward. Each student will be encouraged to have ready for competition one individual competition and two team competition to take to States. Each student will be responsible for knowing all of the rules and requirements for their competitions. It is encouraged that parents assist their students where possible. Each student will be responsible for assisting with the fund raising to pay for the registration, lodging and transportation required for the State Competition. This will require learning to use the Laser Engraver and Corel Draw. A fee of \$40 will be used for materials in the completion of their projects. This year the State Conference is February 22 – 25 at Amelia Island, and Nationals are in Nashville TN, June 21 - 25.
